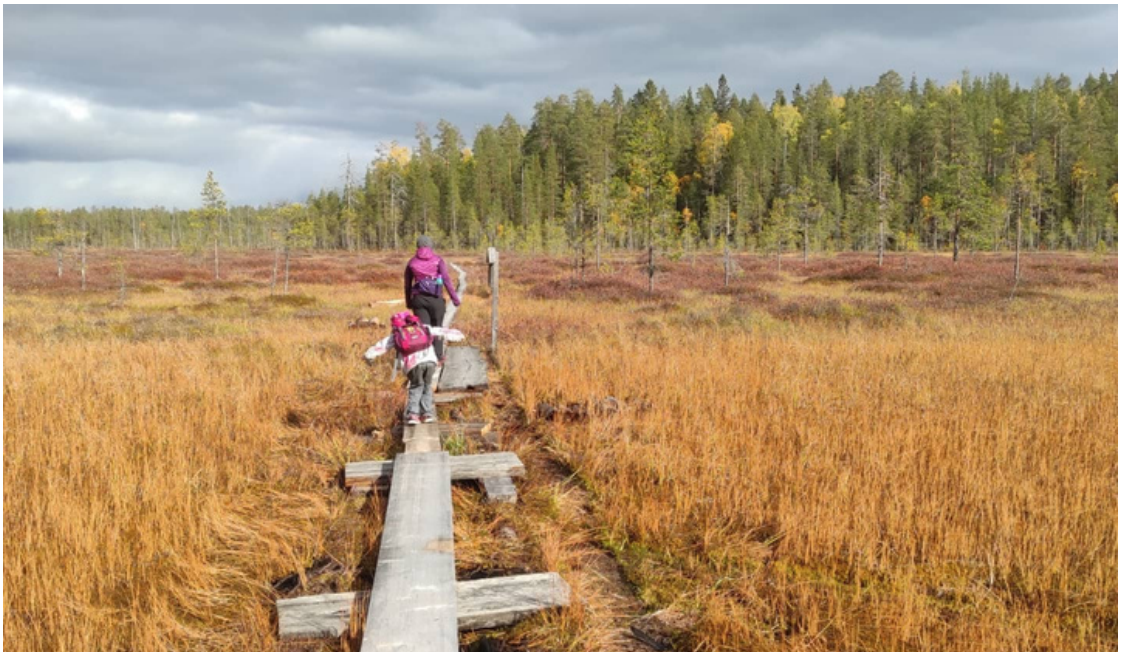
ERASMUS BLENDED INTENSIVE PROGRAMME

MULTIPLE USE OF FORESTS, 3ECTS



WHAT ELSE CAN FORESTS OFFER THAN WOOD?

Join us for an international intensive programme on Multiple use of forests! The course will be held in North Karelia, Finland 13.-20.11.2022. Prior to the intensive week, you will work on a preliminary assignment. The programme includes lectures, excursions to different organisations and group work. You will learn about multiple use of forests throughout Europe from our own experts and working life partners.

Course content

- Policy for multiple use of forests
- Wood as biomass
- By-products from industry
- Recreation
- Protected areas
- Wildlife management
- Biodiversity
- Conflicts in natural resource management
